

WE NEED YOUR SUPPORT!

Flinders
UNIVERSITY

inspiring achievement

Nutrition and Dietetics have been fortunate enough to successfully submit two projects through the 'Fund my idea' program which provides support of up to \$50,000 for community projects within regions across South Australia.

Finalists are chosen by vote from the public and the top 5 finalists will receive funding.

Below are the direct links to our projects and some background information, so please go online and vote for us. Feel free to share on Facebook also. Voting is open until 5pm, Monday 11 May, 2015.

Community–Led Healthy Eating Onkaparinga

This project will give people in the Onkaparinga region the knowledge and confidence to make healthy food choices. This will be achieved by developing a suite of nutrition resources and conducting nutrition education presentations across the Onkaparinga region. Place your vote at: <http://yoursay.sa.gov.au/ideas/community-led-healthy-eating-onkaparinga>

Easing the transition: a project to assess nutritional support needs of an emerging migrant community

This project will consult key Iranian community leaders and members to build an understanding of the nutrition support needs of the community. Healthier immigrant communities contribute overall to the social and economic well-being of local areas. Place your vote at: <http://yoursay.sa.gov.au/ideas/easing-the-transition-a-project-to-assess-nutritional-support-needs-of-an-emerging-migrant-community-the-iranians>
