

KEEP CALM

USE YOUR OPTICAL BENEFIT
BEFORE 31 DECEMBER

GET THE MOST OUT OF YOUR HEALTH FUND

Did you know that most Health Funds don't roll-over their optical benefits, so if you don't use your benefit before the 31st of December, you may lose it!

If you have optical cover with your Health Fund, Flinders Vision can help reduce the cost of your new glasses, prescription sunglasses and contact lenses.

We can also help with "No Gap" options.
