

# Power outages North Ridge buildings

## Saturday 20 and Sunday 21 July 2019

---

### **How long will the power outages last?**

Depending on the complexity of the electrical work required, power outages may last from 2 minutes up to approximately 45 minutes.

### **I'm a student and I would like to be in the Central Library or Student Hub over the weekend.**

#### **What should I do?**

The power will go out at certain times across the day. If you're using a computer, please save your work regularly. There's no need to leave and no cause for concern. We'll restore the power to these student areas as soon as we can.

### **I'm a staff member, what should I have to do?**

Please let us know as soon as possible if you have any sensitive electrical equipment in your area. If you are on campus and using a computer, please save your work regularly or avoid these buildings over the weekend. If you're not at work, please make sure you shut down your computer before these dates. Please share this information with other team members.

# Power outages North Ridge buildings

## Saturday 20 and Sunday 21 July 2019

### What work is being undertaken?

Flinders is in the process of completing a high voltage electrical upgrade, as well as electrical maintenance and testing at the Bedford Park campus. Ageing electrical infrastructure is being replaced to help protect the security and continuity of electrical supply into the future.

In order to safely conduct these works, we have a rolling series of power outages across campus over the mid-year break, timed to minimise disruption to students.

### Next steps and queries

If you have any queries, or have sensitive electrical equipment in your area please contact Phil Rollin, Project Manager [phil.rollin@flinders.edu.au](mailto:phil.rollin@flinders.edu.au) on 8201 3182. Please share this information with the people in your area who may be impacted.
