

The Flinders Northern Territory Medical Program is building a 'home grown' medical workforce. Between 2011 and 2017, 168 students enrolled in the NTMP.

### Graduation

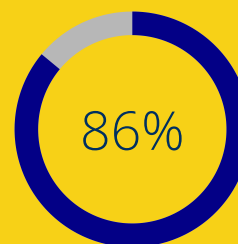

- Students can enter the NTMP through one of three ways: Bachelor of Clinical Sciences, post-graduate pathway and Indigenous Entry.

of Bachelor of Clinical Sciences students graduated

Indigenous students have graduated

of graduate entry pathway students graduated

### As of December 2020:

**22% of graduates who had completed their return of service obligation were working in remote or very remote communities.**

69 graduates had completed their return of service obligation, of whom 37 (54%) were still working in the NT.

The majority of graduates (74%) were working in the NT.
