# WHAT IS CHAPLAINCY?

## Support

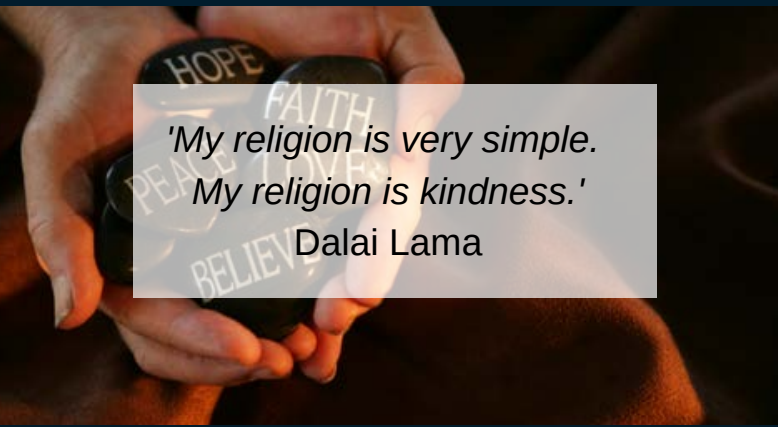

Our team offers support and care for students and staff. Chaplains offer a confidential presence and listening ear, whether that's celebrating success or sharing the burden when difficulties arise. Considering options and discovering a way forward with someone is often easier when things are a bit tough.

## Faith and meaning

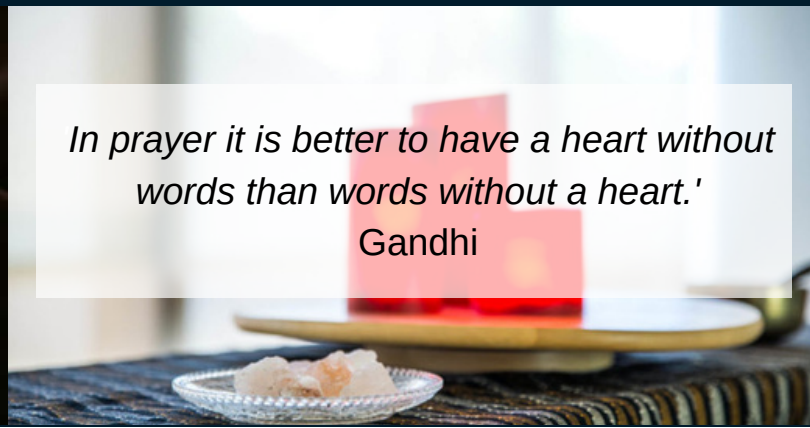

Chaplains also think about matters of faith, spirituality, values, ethics, relationships, and the self. Our Chaplains, as well as our multi-faith liaisons are available for one-to-one consultation. All conversations are confidential. Please contact the Chaplaincy team.

## Connections

Many Flinders University faith and religious groups find a home at OASIS, as do programs promoting spiritual wellbeing. Stop by OASIS and see what you can do for your wellbeing. You can find out more about Flinders Uni religious and spiritual groups at FUSA - <https://fusa.edu.au/clubs/>
