Flinders Health and Medical Research Institute (FHMRI) is offering enrolled Higher Degree by Research (HDR) students in the College of Medicine and Public Health (CMPH) the opportunity to apply for a small grant of up to \$5,000 that directly relates to their research project.

This is an excellent opportunity for students to gain experience in grant writing, an essential skill for a career in research. Up to six grants will be awarded across all FHMRI Themes.

To provide guidance and training an HDR Community of Practice session on grant writing will be held on 10 September 2021, 12 noon – 1 pm.

The student will have completed at least 12 months of candidature and have equal to or more than 6 months of their candidature remaining as of 30th September 2021. Previously successful applicants to this scheme are not eligible to apply.

Application Selection (refer to Scoring Sheet for Reviewers)
